

What have we learned so far ...

	<p>Since February we have been learning about: Living in a Diverse Society</p>
	<p>We talked about the things that make us different from each other.</p>

And the things we share with each other.

We learnt about different cultures and practises in countries across the world.

We talked about the word "exclusion" and how that might make people feel.

And we looked at the Equality Act.
